

RESOLUTION NO. OB 2016 - 5

A RESOLUTION OF THE OVERSIGHT BOARD TO THE SUCCESSOR AGENCY TO THE FORMER REDEVELOPMENT AGENCY OF THE CITY OF POMONA AUTHORIZING THE TRANSFER OF PUBLIC PARKING FACILITIES TO THE CITY OF POMONA AND APPROVING AN AMENDMENT TO THE LONG RANGE PROPERTY MANAGEMENT PLAN

WHEREAS, on February 1, 2012, the Redevelopment Agency of the City of Pomona ("Agency") was dissolved by way of Assembly Bill ("AB") 1x26 (as subsequently amended, the "Dissolution Law") and the California Supreme Court's decision in *Community Redevelopment Association v. Matosantos*; and

WHEREAS, on January 9, 2012, the City Council for the City of Pomona ("City") adopted Resolution No. 2012-8 electing to become the Successor Agency to the former Agency ("Successor Agency") pursuant to the Dissolution Law; and

WHEREAS, the Pomona Oversight Board ("Oversight Board") was created by the Dissolution Law for purposes of overseeing, directing, and approving certain actions of the Successor Agency;

WHEREAS, upon its dissolution, all real property assets of the former Agency were passed to the control of the Successor Agency, which is tasked with managing and disposing of the property in accordance with the Dissolution Law;

WHEREAS, following its receipt of a "finding of completion," the Dissolution Law requires successor agencies to prepare a Long Range Property Management Plan ("LRPMP") that addresses the disposition of each property owned by the former redevelopment agency, and to submit such LRPMP for approval by the oversight board and California Department of Finance ("Finance");

WHEREAS, the Successor Agency received its finding of completion on May 9, 2013, on August 5, 2013, the Successor Agency approved its LRPMP (the "Plan") by Resolution No. SA 2013-08, and on August 8, 2013, the Oversight Board approved the Plan by Resolution No. OB 2013-08;

WHEREAS, after reviewing the Plan, Finance indicated that the Successor Agency must amend the Plan to provide certain corrections and clarifications before it would be approved by Finance;

WHEREAS, the Successor Agency made the requested corrections and clarifications to the Plan, and adopted a revised Plan (the "Revised Plan") by Successor Agency Resolution No. 2014-3, the Oversight Board subsequently approved the Revised Plan by Resolution No. OB 2014-4, and Finance thereafter approved the Revised Plan by correspondence dated October 7, 2014;

WHEREAS, following Finance's approval of the Revised Plan, Senate Bill 107 amended the Dissolution Law to clarify that parking facilities and lots dedicated solely to public parking were "governmental purpose" properties that could be transferred to the appropriate public jurisdiction,

Resolution No. OB 2016-5

June 16, 2016

Page 1 of 4

provided the revenues generated from such parking facilities did not the exceed reasonable maintenance costs thereof (Health & Safety Code § 34181(a)(1));

WHEREAS, Senate Bill 107 further provides that if Finance has approved a successor agency's LRPMP before January 1, 2016, the successor agency may amend the LRPMP to allow the retention of parking facilities, provided that such amendment is approved by the oversight board and submitted to Finance before July 1, 2016;

WHEREAS, among the properties owned by the former Agency and included in the Revised Plan are two (2) properties (comprised of several parcels) which serve as public parking lots, and the revenues generated therefrom do not exceed the reasonable maintenance costs thereof, as such properties are specifically described as follows (jointly the "Parking Properties"):

Site No. 19

- Assessor's Parcel Number 8335-010-905
- Assessor's Parcel Number 8335-010-906
- Assessor's Parcel Number 8335-010-907

Site No. 20

- Assessor's Parcel Number 8335-013-904
- Assessor's Parcel Number 8335-013-906
- Assessor's Parcel Number 8335-013-907
- Assessor's Parcel Number 8335-013-908

WHEREAS, pursuant to Senate Bill 107, the Successor Agency has adopted a Resolution approving the transfer the Parking Properties to the City (the appropriate public jurisdiction) for purposes of ensuring their continued use as public parking facilities, and has approved an associated amendment to the Revised Plan, and has further requested that the Oversight Board adoption a Resolution approving such actions; and

WHEREAS, the Oversight Board has considered the Successor Agency's request, as well as the documents, information, testimony, and other matters offered and presented at the public meeting for this matter.

NOW, THEREFORE, BE IT RESOLVED by the Oversight Board to the Successor Agency to the former Redevelopment Agency of the City of Pomona, as follows:

SECTION 1. The foregoing Recitals are true and correct, incorporated into this Resolution by this reference, and constitute a material part hereof.

SECTION 2. The Oversight Board hereby finds and declares that the Parking Properties are "parking facilities" as defined by Health & Safety Code Section 34181(a), and hereby authorizes the transfer of the Parking Properties to the City of Pomona as "governmental purpose properties" pursuant

to Health & Safety Code Sections 34181(a) and 34191.3(b)-(c), and further approves an amendment to the Revised Plan to delete the Parking Properties therefrom.

SECTION 3. The Oversight Board hereby authorizes and directs the Executive Director to submit this Resolution to Finance for review and approval, take all necessary and appropriate actions obtain Finance approval of the transfer of the Parking Properties to the City and the associated amendment to the Revised Plan, and to take such other actions as necessary to effectuate the purpose of this Resolution.

SECTION 4. The actions approved by this Resolution shall not be effective until reviewed and approved by Finance. The Oversight Board Secretary shall certify to the passage and adoption of this Resolution.

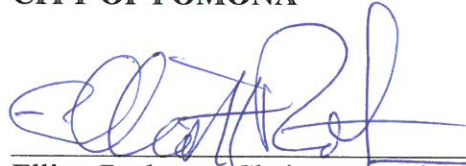

APPROVED AND ADOPTED THIS 16th DAY OF JUNE 2016.

Subject: **Adopt a Resolution Amending the Pomona Successor Agency's 2013 Long Range Property Management Plan (LRPMP)**

OVERVIEW

Recommendation – That the Oversight Board to the Successor Agency to the former Redevelopment Agency adopt a resolution amending the 2013 Long Range Property Management Plan (the Plan).

SUMMARY

Based on comments and feedback from the State Department of Finance (DOF) on the 2013 Long Range Property Management Plan, an Amended Long Range Property Management Plan is being presented to the Successor Agency on July 7, 2014 for approval. This staff report to the Oversight Board was written prior to the Successor Agency taking action on the amended Plan. In the event the Successor Agency takes no action, staff will request this item be continued to a future meeting. If the amended Plan was approved by the Successor Agency, the Oversight Board is requested to approve the amended Plan and forward the amended Plan to the DOF for consideration.

BACKGROUND

In August 2013, the Successor Agency and the Oversight Board approved the 2013 Long Range Property Management Plan (LRPMP or the Plan) pursuant to the requirement of Section 34191.5(b) of the California Health and Safety Code. In late August 2013, the Plan was transmitted to DOF for review and approval. DOF began reviewing the Plan in 2014 and in the process requested additional documentation to support various details of the Plan. Backup documents were provided, and DOF completed their review in the following months.

Agenda Item No. 2

Comments from DOF on the 2013 LRPMP were primarily limited to areas needing clarification and minor corrections pertaining to data on the spreadsheet, which is the prime component of the LRPMP. The one area of significant concern, however, concerns the transfer of Successor Agency properties to the City's Vehicle Parking District (VPD) for "public parking." DOF's position is that public parking is not a "governmental use" and, as such, the transfer from Successor Agency to the VPD does not qualify for transfer without "disposition/compensation agreement."

It is not DOF's desire to deny the 2013 LRPMP, but to seek a compromise with the Successor Agency to amend or revise the LRPMP to address the concerns raised by DOF in order to approve the Plan. Based on discussion with a representative of DOF, staff concluded that without revising or amending the 2013 LRPMP, DOF will deny the Plan that was submitted, which would require submittal of a new LRPMP or possible litigation action against DOF.

DOF's main issue is the transfer of the 7 parcels for public parking, as it has been determined the purpose of "public parking" is not a governmental use. Amending the LRPMP to reflect the transfer of the 7 parcels through a disposition/compensation agreement for public parking and for economic development purposes would satisfy DOF's conditions for approval of the Plan. As such, staff has revised the 2013 LRPMP to reflect the 7 parcels located in 2 VPD Lots (Lots 13 and 23) to be transferred to the City through a disposition agreement that requires compensation based on "fair market value" of the properties. As discussed with DOF, DOF would support a disposition agreement that allows for deferred payment to the Successor Agency. It is not necessary that a disposition agreement be negotiated at this time, as such agreement can be prepared following DOF approval of the LRPMP.

DISCUSSION

Exhibit A to the resolution reflects the Amended 2013 Long Range Property Management Plan. Similar to the original plan, previously approved by the Successor Agency and Oversight Board, the Amended Plan is comprised of the six following sections:

1. An introduction and overview of the Plan
2. The original and revised comprehensive spreadsheet defining the real-properties owned by the Successor Agency and provides the use or disposition of each property in accordance to Section 34191.5(c)
3. An aerial and site illustration of each property owned by the Successor Agency that corresponds to the spreadsheet;
4. Properties with potential buyers and offers;
5. Properties to be disposed immediately; and
6. Properties to be transferred to the City for "Governmental Use" and transferred to the City for public parking with disposition/compensation agreement.

While there are text changes made to the Plan to correspond to the changes made to the revised spreadsheet illustrated in Section II of the Plan, the majority of the Amended LRPMP remains the same as the original LRPMP. It is important to explain some of the changes that are reflected in the revised spreadsheet.

Provided in the 2013 LRPMP is a spreadsheet identifying all 42 properties owned by the Successor Agency, which are required for disposition, under AB 1X 26 and AB 1483, following an approved Long Range Property Management Plan. The spreadsheet in the 2013 LRPMP placed all 42 properties in three categories. Colored sections were used to distinguish each category (i.e., green, yellow and orange). The green section of the spreadsheet listed properties for which staff had received written offers for purchase. The yellow section listed properties that use of a realtor or realtors was suggested for disposition, with the goal of selling the properties at fair market value. The orange section listed properties for transfer to the City for governmental purposes.

The orange section listed 17 parcels identified for transfer to the City, citing a governmental purpose for those properties. One of the 17 parcels, No 42 on the list, is no longer needed by the City, as Seventh Street Development (Mr. Craig Furniss) has offered to purchase this remnant property west of the 71 Freeway for incorporation into his industrial development project on Mission Boulevard. Property No. 42 is proposed to be moved to the list of properties in the green section.

Of the remaining 16 parcels in the orange section, 7 parcels are presently being used by the VPD. These 7 parcels are proposed for transfer to the City for the purpose of public parking. The 7 parcels are at 2 locations in the Downtown. One of the locations is at the southeast corner of Garey Avenue and Second Street, which is known as VPD Lot 13 (see Attachment 2). VPD Lot 13 consists of 3 Successor Agency properties (APNs 8335-010-905, 906 and 907). The second location is at the 400 block of 4th Street, between Elm Street and Palomares Street, which is known as VPD Lot 23. Both VPD Lots 13 and 23 have been used for many years by the Vehicle Parking District under substitution of parking arrangements, the result of "redevelopment" activities or projects.

CONCLUSION

While the City desires to receive the transfer of the seven properties used by the Vehicle Parking District from the Successor Agency at no cost, DOF has made it very clear that they would withhold or deny the approval of the Long Range Property Management Plan unless the Plan is amended to reflect compensation to the Successor Agency for the properties. Although the City can pursue legal action against DOF as mentioned earlier, the City would have to incur legal costs with no assurance of the outcome.

Taking legal action against DOF would further delay DOF's approval of the LRPMP, further delaying the sale and development of other properties that would place them put back on the tax rolls. Recognizing that further delay in getting the LRPMP approved by the State negatively impacts the City, the Successor Agency will consider the approval of the Amended LRPMP at their meeting of July 7, 2014. Should the Successor Agency approves the revised LRPMP, staff is recommending that the Oversight Board takes similar action by adopting the attached resolution approving the Amended 2013 Long Range Property Management Plan and transmit the Amended Plan to DOF for approval.

I. INTRODUCTION

EXECUTIVE SUMMARY

The purpose in amending the 2013 Long Range Property Management Plan (the “LRPMP” or also refer to as the “Plan”) is in response to comments and suggestions offered by the State’s Department of Finance (the “DOF”) was transmitted to DOF following the approval of the Plan by the Oversight Board on August 8, 2013. Since DOF comments and suggestions were limited to various parts of the Plan, with specific emphasis on properties proposed to be transferred to the City for “governmental use,” the preparation of the amendment to the Plan only focuses on addressing comments and concerns offered by DOF on the 2013 Plan.

In emails and telephone communications with DOF about the 2013 Plan, DOF suggested that the Successor Agency bring an amendment to the Plan to the Oversight Board for approval, which to take into account the changes and suggestions offered by DOF. Such amendment to the 2013 Plan would address DOF prior concerns and more importantly, the amendment to the 2013 Plan could receive approval by the State. This amendment to the 2013 Plan addresses all of the comments and concerns raise by DOF and is being submitted to the Successor Agency and if approved, will then be presented to the Oversight Board for approval.

AUTHORITY/LEGISLATIVE MANDATES

AB X1 26 (the “Dissolution Act”) is the legislation that dissolve redevelopment agencies throughout the State of California as of February 1, 2012. The City of Pomona has initiated the process under the Dissolution Act to unwind the affairs of its Redevelopment Agency. The City Council of the City of Pomona approved Resolution No. 2012-8 electing to become the Successor Agency to the former Redevelopment Agency in pursuant to Part 1.85 of Division 24 of the California Health and Safety Code.

In June 2012, the State passed AB 1484 for the purposes of making technical and substantive amendment to the Dissolution Act that set forth the process of unwinding the former Redevelopment Agency. In general, AB 1484 sets forth the procedures for the Successor Agency to account for existing assets including real-estate properties.

AB 1484 prohibits the Successor Agency from disposing real-estates asset until it has received a “Finding of Completion” from the State’s Department of Finance (DOF) and an approved Long Range Property Management Plan (LRPMP or the Plan). On May 9, 2013, the Successor Agency was granted approval of its due diligent review and received the Finding of Completion from the DOF (See Appendix 1).

Health and Safety Code, Section 34191.5(b) requires Successor Agencies to within six-month upon receipt of a Finding of Completion must submit a Long Range Property Management Plan of real property to the Oversight Board for approval. On August 8, 2013, the LRPMP was presented to the Oversight Board. The Oversight Board adopted

Resolution No. OB 2013-8 approving the Plan and the Plan was transmitted to DOF for review and approval.

PURPOSE OF THE LONG RANGE PROPERTY MANAGEMENT PLAN

The Long Range Property Management Plan (the Plan) is a document that guides the disposal of real property holding of the former Redevelopment Agency and transferred those holdings to the Successor Agency under the Dissolution Act. Once the Plan is approved all listed real properties and interests in real property are transferred to the "Community Redevelopment Property Trust Fund (the "Trust"), which to be established by the Successor Agency for disposal or hold in accordance to the Plan.

The purpose of the Plan is to maximize return on the disposition of real-property and to hold real-property to meet existing obligations. The emphasis of the Dissolution Act is to dispose of real-property it received from the dissolved Redevelopment Agency either for limited public uses or for disposition into the private market expeditiously and with a focus toward maximizing value. The goal of the Plan is ultimately made available proceed from the disposition for distribution to the affected taxing entities

HOW TO USE THE PLAN

This Long Range Property Management Plan is divided into six-sections, including this introduction. Section II define all real-properties owned by the former Redevelopment Agency prior to the Dissolution Act in one comprehensive "spreadsheet" with the format of the spreadsheet prepared by the State's Department of Finance. Application of the worksheet helps to ensure all of the requirements of the law are included. Section III provides for an aerial view and in some cases a panoramic view of each real-estate to assist the reader with a visual of the property. The next three sections, Sections IV, V and VI deal with the inventory of the former Redevelopment Agency owned properties in segments with each segment highlighted in "green", "yellow" and "orange" shown on the worksheet in Section II. A revised spreadsheet added another category of properties for transfer to the City and is highlighted in "blue."

For example, Section IV addresses specifically properties highlighted in green for possible disposition to entities that have submitted written "letter of intent" to purchase and governmental agencies interested in acquiring the property for their governmental purposes. Section V, defined a group of properties highlighted in yellow to be disposed expeditiously and with a view toward maximizing value, with the intend of the proceeds be used to pay enforceable obligations and remaining proceeds ultimately made available for distribution to the affected taxing entities. Section VI, identify properties to be retained and or transferred for governmental purpose and use under Section 34181(a) of the Health and Safety Code. This group of properties is highlighted with the color orange.

In response to DOF comments, a revised spreadsheet identified as Amendment No. 1 is added to Section II of the Plan. Amendment No. 1 replaces the original spreadsheet

dated July 29, 2013. Amendment No. 1 reflects the creation of a fourth category of properties for disposition. Highlighted in the color "blue" identify properties to be transferred to the City through the sale of those properties based on fair market value. The City and Successor Agency shall enter into a Purchase and Sale Agreement for the transfer of those properties and for the City to utilize the properties for its Vehicle Parking District. In addition, Amendment No. 1 also includes corrections and clarifications as proposed by DOF.

II. INVENTORY OF SUCCESSOR AGENCY REAL-ESTATE ASSETS

The Successor Agency is required to submit for approval to the Oversight Board and the State's Department of Finance (DOF) a Long Range Property Management Plan that addresses the disposition and use of the real properties of the former Redevelopment Agency. The law requires specific details about the property such as date of acquisition, purpose for the purchase, property data, estimate of value, information on contamination (if any), and other pertinent information. The Department of Finance has developed a tracking tool that incorporates all the requirements into a single spreadsheet for use by the Successor Agency. While it is not required to use this tracking tool, this LRPMP incorporate the use of the spreadsheet offered by DOF.

Section II of the Long Range Property Management Plan identified all real-estates owned by the Successor Agency following the dissolution of the former Redevelopment Agency. A total of 42 parcels are currently owned by the Successor Agency and are located within 24 sites. The following is a comprehensive spreadsheet outlining all of the properties currently owned by the Successor Agency.

Following comments provided by DOF, a revised spreadsheet is added to Section II. The revised spreadsheet is identified as Amendment No. 1, dated June 2, 2014, which replaces the original spreadsheet dated. The revised spreadsheet incorporate changes and corrections to various columns proposed by DOF and include two separate categories of properties for transfer to the City. The first category is properties to be transferred to the City with just compensation based on fair market value. These properties are highlighted in the color "blue." The second category is properties to be transferred to the City for purposes of "governmental use." The properties in this category are highlighted in the color "orange" as was the case shown in the original spreadsheet.

The intention of the Successor Agency and the City is to enter into a form of disposition agreement and/or purchase and sale agreement between the two parties in order for the City to continue to utilize these properties highlighted in blue for "public parking" and potentially for future economic development. The goal of the Successor Agency is to seek compensation based on fair market value for the transfer of these properties to the City.

Once the Amended 2013 LRPMP is approved by the Successor Agency, the Oversight Board and the State DOF, the properties highlighted in orange will transfer to the City. The properties highlighted in "blue" will transfer subject to the approval of an approved disposition and/or purchase and sale agreement between the Successor Agency and the City by the Oversight Board and DOF. The remaining properties highlighted in green and yellow will be disposed based on the schedule outlined in the LRPMP.

III. SITE ILLUSTRATIONS OF ALL REAL-PROPERTIES

This section provides the reader with arials and photo illustrations of each parcel defined in the LRPMP. While there are 42 parcels that are owned by the Successor Agency, the LRPMP identified them as properties located in 24 sites within the City. The photo illustrations and the arials are organized by sites and correspondence with the spreadsheet shown in Section II.

The arials and photo illustrations have been revised to reflect the changes outlined in the amendment to the spreadsheet and the creation of the fourth category of properties for transfer to the City, which is highlighted in "blue." Again the purpose of the arials and the photo illustrations is to assist the reader to clearly delineate the location of each of the 42 properties currently owned by the Successor Agency.

IV. PROPERTIES WITH POTENTIAL OFFERS

During the dissolution of the Redevelopment Agency and the creation of the Successor Agency, the City received proposals offering to purchase properties owned by the former Redevelopment Agency. This Section focuses on properties of which proposals have been received by the City on Successor Agency owned properties. The following are detail description of each proposal:

Site #1: Auto Center Dr. Lot #8
APN#: 8344-024-935 & 936
Lot Size: 490,050 s.f. or 11.25 acres
Project: Retail Commercial, i.e. expansion of the Rancho Valley (Target) Center
Buyer: Lewis Retail Centers ("Lewis")

Background/Discussion:

The two parcels owned by the former Redevelopment Agency were purchased for \$1,685,772 in 2007 for the purpose of expanding development of the Pomona Auto Center. However, the economic downturn significantly impacted the auto industry, which prompted the elimination of thousands of dealership franchises throughout the U.S. by auto manufacturers. Previously approved Disposition and Development Agreements (DDA) with Saturn Dealership and GMC were subsequently terminated. A new DDA was approved with Lewis for a Target Center was approved but was rejected by the State Department of Finance as an unenforceable obligation of the Successor Agency.

Lewis has contented that the DDA is a valid contract, but is opted to pursue the purchase of the two parcels through the Long Ranch Property Management Plan process by the submittal of a Letter of Intent to purchase.

A non-binding letter of intent to purchase the two parcels dated January 10, 2013, was received by the Successor Agency. The price offer from Lewis will be discussed in Closed Session with the Oversight Board under "property negotiations." The proposal includes various contingencies including the relocation of a County of Los Angeles storm drain that crosses the property. The proposal also is contingent upon the City approval of a development project for the site. Aside from the storm drain requirements, the offer price seems to be fair and somewhat aligned with the appraised value of the property derive in the March 2011 appraisal report (Appendix 2; March 15, 2011 MAI Appraisal Report by Boznanski & Company).

Successor Agency staff seeks authorization to enter into an exclusive negotiation with Lewis on the sale of the subject parcels.

Site #2: Pomona Ranch Plaza – Landfill Parcels
APN#: 8708-001-929 & 939
Lot Size: 485,694 s.f. or 11.15 acres

Project: Pomona Ranch Plaza – Commercial/Office and Hospitality
Buyer: YK America (“YK”)

Background/Discussion:

A proposal dated November 8, 2012 from YK America was received by the Successor Agency for the development of a mixed-use office and hospitality project (Appendix 3: Phillips Ranch Landfill Site Acquisition Proposal).

The property was part of a closed landfill and is currently subject to a remedial action plan approved by the California Integrated Waste Management Board (the Board). The Board approved the Remedial Action Plan on July 24, 2001 based on the Final Remedial Action Plan prepared by URS/Dames & Moore dated May 9, 2001. Subsequently, the Action Plan was revised and a new Final Remedial Action Plan was approved by the California Integrated Waste management Board on October 17, 2008 that included Lot 7, 8 and 9 for residential and commercial uses.

The YK proposal requested for financial participation by the Successor Agency on the remediation of the property. It is estimated that the remediation of the property in accordance to the Final Remedial Action Plan is estimated at \$1,340,000. This amount is based on consultant hired by YK.

The Landfill parcels are also encumbered by an outstanding bond assessment, which are levied through property taxes and collected by the Los Angeles County Tax Assessor Office. The outstanding balance as of June 30, 2013 is \$774,024.

The Landfill parcels are complex real-estate owned by the Successor Agency. The ideal buyer for the Landfill parcels is YK as they have developed the “undeveloped” adjacent parcels. Successor Agency staff recommends that the Successor Agency and the Oversight Board authorized an exclusive negotiation agreement with YK on the sale of the Landfill parcels as part of the LRPMP process.

Sites #3 & 4: 340 Short Street & 2030 W. Holt Avenue

APN#: 8348-001-900 & 901
Lot Size: 28,375 s.f. & 29,385 s.f.
Project: Potential for Single use Retail Use and/or Expansion of DPSS Parking
Buyer: Los Angeles County and/or Issy K. Tindimwebwa (Broker)

Background/Discussion:

A Lease Agreement between the former Redevelopment Agency and the County of Los Angeles, Internal Services Department, was executed on March 31, 1993 for the lease of a parking lot located on Short Street, south of Holt Avenue. The initial term of the lease is for a period of 17-years with an option to extend for another 8-year. The County exercised the option in 2010. The lease will expire on February 28, 2018. See Appendix 4; Lease Agreement with Los Angeles County)

The annual based rent of the lease was \$26,000, fixed for 60-months. For each successive sixty-months of the lease, the net base rent is adjusted in accordance with the Consumer Price Index as outlined in Paragraph 27 of the Lease Agreement. In 2013, the annual rent for the parking lot lease is \$34,860.

The County has expressed interest either in acquiring the fee title of the parking lot property or further extend the lease.

Aside from the interest expressed by the County, the Successor Agency received a written letter dated July 3, 2013, from Issy Tindimwebwa, a broker representing a buyer interested in acquiring the 340 Short Street parcel.

Before consideration is given to the proposal from Issy Tindimwebwa or any other proposals, Successor Agency staff recommends that a letter be sent to the County inquiring their interest in the parking lot property as well as the Short Street parcel for County public parking for the Department of Social Services.

Site #5: 556, 700 & 704 E. Foothill Boulevard
APN#: 8367-002-900; 8367-003-900 & 901
Lot Size: 19,513 s.f.; 36,360 s.f.; & 37,816 s.f.
Project: Potential for Neighborhood Retail Center or Hotel/Restaurant
Buyers: Village Investment Partners, L.P. & Confidence Development Co.

Background/Discussion:

The subject parcels on Foothill Boulevard were originally purchased pursuant to a Disposition and Development Agreement (DDA) for a neighborhood retail center project. The project required additional property acquisition to the east toward Towne Avenue that did not occurred. The DDA with the developer has been terminated. The former Redevelopment Agency has received various interests by private parties in acquiring the property or properties, but none of the interest has resulted in written proposals.

With the dissolution of the Redevelopment Agency, the Successor Agency has received two written proposals for all three-parcels, i.e. Village Investment Partners, L.P. and Confidence Development Co. Both proposals are “competitive” and the proposed uses are consistent with the City’s General Plan and Zoning.

The parcel at 556 Foothill Boulevard is subject to an on-going litigation. The result of the litigation may cause the separation of this property from the process of disposition of the two adjacent properties under the Long Range Property Management Plan process. However, regardless to the outcome of the litigation, the two parties interested in acquiring all three parcels have indicated their willingness to amend their proposal to exclude the 556 Foothill Boulevard property.

Successor Agency staff recommends that the Successor Agency and the Oversight Board authorize continue negotiation with both parties to achieve the highest sale value possible and to bring back a final offer from one of the two parties.

Site #6: 405 W. 9th Street
APN#: 8341-015-901
Lot Size: 2,500 s.f.
Project: None
Buyer: Adjacent Property Owner

Background/Discussion:

The 405 W. 9th Street property is located on the northwest corner of 9th Street and Gordon Street with a single family parcel to the west and a single family parcel to the north. The 2,500 square foot vacant lot is a “legal nonconforming lot” that would require multiple variances from the City in order to develop the lot. The ideal development for this lot is to offer the property to one of the adjacent property owners for expansion. The former Redevelopment Agency has previously received verbal interest from the owner of the property to the west to acquire the subject parcel. However, no monetary value was offered. Successor Agency staff recommends that the Successor Agency and the Oversight Board authorize staff to send a written letter to both adjacent owners to solicit their interest in acquiring the vacant lot.

Site #24: Remnant Parcel – Mission/71 Freeway
APN#: 8707-019-908
Lot Size: 40,000 s.f.
Existing Use: Vacant Land – Land Lock Parcel

Background/Discussion:

Site # 24 was considered for use as public parking for Veteran Park. The 2013 LRPMP calls for Site #24 to be transferred to the City for “governmental use.” Following the submittal of the 2013 LRPMP, City has further reviewed the practical need of the remnant parcel and the limited resources of the City to construct additional parking for Veteran Park decided that it would be in the best interest of the City and the Successor Agency to sale the remnant parcel to the adjacent developer proposing to develop an industrial project. The developer, known as Seven Street Development, has offered to acquire the remnant parcel for parking and to enhance the esthetic appearance of the area. Since the remnant parcel is land lock and does not have access to a public street, the market value of the property is limited to the value that Seventh Street Development offered to pay. The Successor Agency has received an unsolicited offer of \$20,000 from Seventh Street Development for the parcel. Accepting Seventh Street Development offer would eliminate the Successor Agency to maintenance expense and exposure to liability.

V. PROPERTIES FOR IMMEDIATE DISPOSITION

Section V of the Long Range Property Management Plan addresses properties for immediate disposition. Defined as Sites 7 through 17 in the spreadsheet and highlighted in “yellow” are properties to be marketed for sale. The objective is to dispose these properties expeditiously and with a view toward maximizing value. The intention is to apply the proceeds from the sale to pay enforceable obligations and remaining proceeds ultimately made available for distribution to the affected taxing entities.

In order to achieve the sale of these properties in a meaningful period of time, Successor Agency staff recommends that a Real-Estate Broker or Consultant be retained for disposition service. A request for proposal will be issued for real-estate service once the LRPMP is approved by the Successor Agency, Oversight Board and the State.

The proposed amendment makes no change to dispose properties identified as Sites 7 through 17, which are highlighted in “yellow” in the spreadsheet. The goal of the Successor Agency is immediately seeking real-estate experts to assist in the disposition of these properties.

VI. PROPERTIES FOR GOVERNMENTAL USE

Health and Safety Code Section 34181(a) permit the retention or transfer of former Redevelopment Agency properties for governmental use. Identified in the revised spreadsheet and highlighted in “orange” are properties proposed to be transferred to the City for government use. The amendment to the 2013 LRPMP revised the number of properties for governmental use down from 17 to 9 properties, defined as Site Nos 18, 21, 22 and 23. The following are detail description of each site and its use by the City:

Site #18: **6th Street & Park Avenue (Southwest Corner)**
APN#: 8341-011-907, 908, 909, 910 & 911
Lot Size: 3,720 s.f., 5,700 s.f., 2,294 s.f., 6,353 s.f. & 6,173 s.f. (total 24,240 s.f.)
Existing Use: Police Department Parking Lot – Employee Parking

Background/Discussion:

These formerly residential parcels were acquired in 1985 to reduce the shortage of parking for the Pomona Police Department. The lot is secured with a fence and is restricted only for police personnel. Successor Agency staff recommends that the Successor Agency, the Oversight Board approve the transfer of this site to the City for the purposes of continue use as a police employee parking lot.

Site #21: **1110 & 1192 S. Towne Ave**
APN#: 8383-005-909 & 910
Lot Size: 46,200 s.f.; and 12,275 (total 58,475 s.f.)
Existing Use: Public Parking for Washington Park

Background/Discussion:

Successor Agency staff has had difficulty in identifying the history for the acquisition of these two properties. However, following the purchase in 2002 and in 2003, the parcels were cleared of existing structures and temporary construction gravels were placed on the ground for overflow parking for Washington Park. Successor Agency staff recommends the subject properties be transferred to the City for the purposes of providing public parking for park attendees.

Site #22: **355 W. Jefferson Street**
APN#: 8340-001-907
Lot Size: 6,500 s.f.
Existing Use: Blighted & Boarded-up Single Family Residential Structure

Background/Discussion:

The former Redevelopment Agency acquired the 355 Jefferson Street property with the idea of combining it with several adjacent properties that previously were purchased with Low and Moderate Housing funds for a possible land exchange with the City to develop

an affordable housing project at another location in the City. The land exchange did not occur and the 355 Jefferson Street property remained an asset of the former Redevelopment Agency. The City subsequently acquired the adjacent property from the former Redevelopment Agency through a grant from the Rivers and Mountains Conservancy to create a passive activity park.

Due to an assessment by the City's Building Official on the possible costs to rehabilitate the residential structure, a memorandum dated April 11, 2013, indicate the costs to be between \$150,000 to \$200,000 and another \$80,000 to \$100,000 to bring the structure to ADA compliance. The market value of homes in the area does not justify making the investment to rehabilitate the structure. As such, the City desired to include the 355 Jefferson Street property as part of the park development project. Successor Agency staff recommends that the 355 Jefferson Street property be transferred to the City for a public park.

Site #23: Veteran Park Road

APN#: 8707-019-906

Lot Size: 36,500 s.f.

Existing Use: Access Road Servicing Veteran Park Soccer Facility

Background/Discussion:

The former Redevelopment Agency acquired the closed General Dynamic Plant and properties in the mid 1990s from the State of California Land Commission and later through various Disposition and Development Agreements sold majority of the properties to developers. Several parcels were not sold as the intent was to retain them for governmental use; i.e. roads, freeway expansion and public park.

The subject property is an access road from Mission Boulevard to the Veteran Park Soccer Facility. The property where the road has been constructed is the ONLY access to Veteran Park. The Veteran Park Soccer Facility and the road were completed in June of 2007. The transfer of the fee title of the road to the City did not occur at the time as the former Redevelopment Agency waited on the development plan for the adjacent property as well as the plans for the Mission Boulevard bridge project over the 71 Freeway with Caltrans. Also, at the time, there was no consideration or concern of the State eliminating redevelopment agencies and its authority to transfer redevelopment properties to the City for public use.

Successor Agency staff recommends that the fee title of this road be transferred from the Successor Agency to the City for the purposed of providing public access to the Veteran Park Soccer Facility.

In response to DOF concerns with the Successor Agency plans to transfer properties to the City for "public parking" as governmental use purpose, the amendment to the 2013 LRPMP establishes a separate category of properties for transfer to the City for public

parking, which requires the City to compensate the Successor Agency at fair market value for the properties.

The Successor Agency and the City are in agreement to enter into a form of disposition and or purchase and sale agreement for the transfer of Sites #19 and #20 properties based on an agreeable purchase price. The purchase price will base on fair market value determined by valid real-estates transaction of comparable sales or valid real-estate appraisal. In order to allow the City and its Vehicle Parking District to achieve the payment of the purchase price, the agreement would allow for a defer payment for a period of 5 to 10 years, which requires the establishment of a form of promissory note and/or such other form of compensation agreement to ensure that the taxing entities are in receipt of the proceed of sale of the properties once the former Redevelopment Agency existing and enforceable obligations are meant.

These properties are identified as Sites #19 and #20 and are described as follows:

Site #19: 112, 120 & 130 E. 2nd Street (Southeast Corner of 2nd and Garey)
APN#: 8335-010-905, 906 & 907
Lot Size: 4,850 s.f.; 5,141 s.f; & 1,680 s.f. (total 11,671 s.f.)
Existing Use: Vehicle District Public Parking Lot # 13

Site #20: 400 Block of 4th Street (Northeast Corner of 4th and Elm Street)
APN#: 8335-013-904, 906, 907& 908
Lot Size: 13,775 s.f.; 7,800 s.f; 3,000 s.f.; and 6,600 (total 31,175 s.f.)
Existing Use: Vehicle District Public Parking Lot # 23

Background/Discussion:

The former Redevelopment Agency acquired these parcels in Sites 19 and 20 in around 1993 for the purposed of a multi-block “University Village” project expending on the idea of “a college town” environment with the growth of the Western University Health Science Colleges. The development would have included main street retails, restaurants, grocery market, office, residential including student housing and public parking.

In order to pursue this redevelopment objective, cooperation with the City Vehicle Parking District (VPD) was achieved by entering into a Parking Facilities Replacement Memorandum of Understanding Agreement dated 2005 (see Appendix 5). The Agreement allows the former Redevelopment Agency to pursue develop projects on VPD parking lots by offering to the VPD a “one-for-one” public parking spaces on Redevelopment Agency’s owned properties or the Redevelopment Agency develop structured parking. As the University Village concept evolves and developments on VPD parking lots occurred, Redevelopment Agency properties defined in Sites 19 and 20 were used as replacement parking for the City’s VPD for public parking. Successor Agency staff believed the Parking Facilities Replacement Memorandum of Understanding Agreement between the former Redevelopment Agency and the City’s Vehicle Parking District is an enforceable contract and the continued use of the properties in both Site #19

and #20 must continue as an obligation of the Successor Agency. Successor Agency staff recommends that the Successor Agency and the Oversight Board authorize the transfer of properties in Site 19 and 20 to the City to satisfy the obligation.

EDMUND G. BROWN JR. • GOVERNOR

915 L STREET ■ SACRAMENTO CA ■ 95814-3706 ■ WWW.DOF.CA.GOV

May 9, 2013

Ms. Paula Chamberlain, Finance Director
 City of Pomona
 505 South Garey Avenue,
 Pomona, CA 91766

Dear Ms. Chamberlain:

Subject: Finding of Completion

The California Department of Finance (Finance) has completed the Finding of Completion for the City of Pomona Successor Agency.

Finance has completed its review of your documentation, which may have included reviewing supporting documentation submitted to substantiate payment or obtaining confirmation from the county auditor-controller. Pursuant to Health and Safety Code (HSC) section 34179.7, we are pleased to inform you that Finance has verified that the Agency has made full payment of the amounts determined under HSC section 34179.6, subdivisions (d) or (e) and HSC section 34183.5.

This letter serves as notification that a Finding of Completion has been granted. The Agency may now do the following:

- Place loan agreements between the former redevelopment agency and sponsoring entity on the ROPS, as an enforceable obligation, provided the oversight board makes a finding that the loan was for legitimate redevelopment purposes per HSC section 34191.4 (b) (1). Loan repayments will be governed by criteria in HSC section 34191.4 (a) (2).
- Utilize proceeds derived from bonds issued prior to January 1, 2011 in a manner consistent with the original bond covenants per HSC section 34191.4 (c).

Additionally, the Agency is required to submit a Long-Range Property Management Plan to Finance for review and approval, per HSC section 34191.5 (b), within six months from the date of this letter.

Please direct inquiries to Andrea Scharffer, Staff Finance Budget Analyst, or Chris Hill, Principal Program Budget Analyst, at (916) 445-1546.

Sincerely,

STEVE SZALAY
 Local Government Consultant

Re: Self-Contained Appraisal Report –
 Commercial Land
 Pomona Redevelopment Agency
 NWQ Auto Center Drive &
 White Avenue
 Pomona, California

File No. 2747.01

Dear Mr. Fong,

In accordance with the written authorization we have received, Carl W. Boznanski of Boznanski & Company, a real property appraisal firm, has prepared this Self-Contained Appraisal Report of a vacant commercially oriented parcel. Our date of value is affective as of March 15, 2011.

The subject property is identified as follows:

Redevelopment Agency of the City of Pomona

APN: 8344-024-936 and 8344-024-935

This irregularly shaped parcel located along the west side of White Avenue bounded by Lexington Avenue on the north and Auto Center Drive on the south and Highway 71 on the west is comprised of two Assessor Parcel Nos., to be considered as one, encompassing a gross area of 518,364 sf or 11.90 ± acres. This parcel is vacant and undeveloped but is otherwise finished and ready for development. Of note are two easements that bisect the site. A landscape easement runs along the west most 25 feet (14,036 ± sf; 0.3222 ± acres), adjacent to Route 71. A Los Angeles County Flood Control easement bisects the western parcels along a width of 17 feet and a length of 692 ± feet from the northwest most corner to the Auto Center Drive cul-de-sac over 0.27 ± acres (11,761 ± sf). It is zoned C4 (Highway Commercial) by the City of Pomona subject to the Declaration of Covenants, Conditions and Restrictions for the Pomona Auto Center.

Based on the investigation and analysis outlined in the accompanying report and subject to the certification and limiting conditions attached to this report, we conclude that the subject vacant property as restricted in use by the zone and the auto center CCNRs would have a unit value of \$5.00 psf of land. Thus, the 518,364 sf Pomona Redevelopment Agency property at the northwest quadrant of Auto Center Drive and White Avenue, Pomona, California as of March 15, 2011 would have a value of:

\$2,592,000

TWO MILLION FIVE HUNDRED NINETY TWO THOUSAND DOLLARS

In arriving at our valuation conclusion of this property, we employed the Market Data Approach to Land since there are no existent site or building improvements at this location.

This self-contained appraisal report is intended to comply with the reporting requirements set forth under Standard Rules 2-2(a) of the Uniform Standards of Professional Appraisal Practice (USPAP). This report is not considered to depart from the specific guidelines of USPAP. As such, this report describes the data, reasoning and analysis that we used in the appraisal process to develop the appraiser's opinion of value.

Any significant changes to the site size or configuration, or any other material information supplied to us in this analysis, as further identified herein, could affect our valuation conclusion and would require a re-evaluation of our analysis.

Following this letter is a self-contained appraisal report which describes the subject area and the conditions of this appraisal, identifies the subject property and its characteristics and then specifically enumerates the methodology used in valuing the property.

We retain a copy of this report, together with worksheets, documents and other data upon which our conclusions and opinion of value are based.

We certify that we have no past, present or contemplated future interest in this property and that we have acted in accordance with accepted ethics and standards in our profession.

Thank you for this opportunity to provide appraisal services.

Respectfully submitted,

BOZNANSKI & COMPANY

About Us

YK America Group was established in late 1980s, and has more than 15 years of experience in all aspects of real estate development. YK has been participating in the revitalization of suburban economies by creating commercial retail power centers throughout Central and Southern California regions.

YK is one of the fastest growing, privately owned development companies in the nation. With strong financial background and experienced personnels, YK is committed to bringing quality development projects to cities across California by attracting national anchor stores and tenants to stimulate local economies. YK has developed over 500 acres of entitled land for commercial retail, office, residential and mixed-used, totalling 3 million square feet gross leasable area. Its business strategy is to acquire, entitle, develop and manage properties under one administrative and management team to ensure quality leadership for investors and clients.

YK's track record is proven through its success in collaboration with municipal governments such as City of Calexico, Delano, El Centro, El Monte, Pasadena and Pomona. Throughout the years, YK has been honored with numerous awards for excellence in real estate development. For further information, please visit our website at www.ykamerica.com.

With the needs of our clients foremost in our minds, project timing, quality control and financial accountability are the corner stones of our project management team's approach. At YK, we are an experienced "Build to Suit" developer / builder. We have our own in-house architects, interior designers and construction management team members. With this ability to control all aspects of the building and design process, we are able to meet our client's on-time and on-budget project demands.

We are proud in our ability to match up a vision and a need into a project reality. We accomplish this through our in-depth knowledge and understanding of project and regional demographics and economics. This knowledge will enable us to assist our clients in evaluating their possibilities. At YK, we possess solid private resources and funding to help, when necessary, the financing of our clients real estate projects.

At the YK Group, our Mission Statement is one of understanding, identifying and fulfilling the specific developmental goals and needs of our clients. We understand that property development is a privilege and by allowing us to become part of the privilege we also become part of the solution. When we meet our client's goals and needs, we help strengthen their mission and further their sense of security and commitment.

Site Location

Philips Ranch Landfill Vicinity Map

- Junction of Fwy 60 & Fwy 71
- Central hub between Los Angeles, San Bernardino and Orange Counties.
- 7 Miles to Ontario International Airport

Site History

The Site was originally a portion of a historical Spanish Land Grant. In 1864, the land was purchased by Mr. Louis Phillips and in 1925, a descendent, Ms. Irene Phillips, established the hog farm in the southern portion of the Phillips Ranch, an area known as the South Phillips Parcel. Domestic waste disposal at the Site officially began in 1934, but may have started as early as 1928.

The facility operations involved salvaging recyclable materials, separating out wet garbage for feeding hogs, and burning the remainder. The Landfill had open burning for approximately 24 years, which ceased in response to air pollution control regulations enacted in the 1950's. During the 1940's and 1950's approximately 3.5 acres were used for municipal waste disposal by the City of Pomona. Most of the Landfill disposal activities ended in 1957 when Spadra Landfill opened. However, until 1960 other areas of the Site were informally used for disposal of construction and demolition debris. The 74-acre property, including the site was purchased by Louis Lesser Enterprise of Beverly Hills, California in 1964. Alvin Lesser of MORWIL Development company later acquired the property.

The Site was originally outside the Pomona city limits, but was annexed by the City in 1982. The City of Pomona purchased the 74-acre property and entered into an agreement with the May Company to develop the property into a regional shopping center in 1989. Between 1989 and 2001 several environmental investigations were conducted in and around the Landfill. These investigations culminated in a Remedial Action Plan (RAP) which was approved by the CIWMB on July 24, 2001 for the inactive Landfill portion (Lot 9) of the Site. Subsequently, the CIWMB approved an asphalt or concrete cap overlying Lots 7 & 8 adjacent to Lot 9 for residential and commercial developments on October 17, 2008.

Adjacent Development by YK America

Pomona Ranch Plaza project started the entitlement process in 2004. Construction began in 2005. Over 63,000 sq.ft. of retail spaces have already been built in the past 9 years, with the construction currently in progress for two office buildings in Lot 6. The project has attracted national tenants such as Walmart, WinCo Foods, Bank of America, Starbucks, and Subway.

Lot #	Lot Size (AC)	Building Size (SF)	Use
1A	2.93	24,400	Retail/Food
1B	1.37	6,800	Retail/Gas Station/Car Wash
3	1.90	23,000	Food/Retail
4	1.22	10,500	Food/Retail
5A	1.25	10,000	Food/Retail
5B	2.06	21,000	Food/Retail/Office
5C	1.38	19,500	Food/Retail
6	6.30	81,410	Food/Retail
7/8	11.14	89,097	Food/Retail/Office

Aerial Image (looking North)

Intended Uses for Lot 9

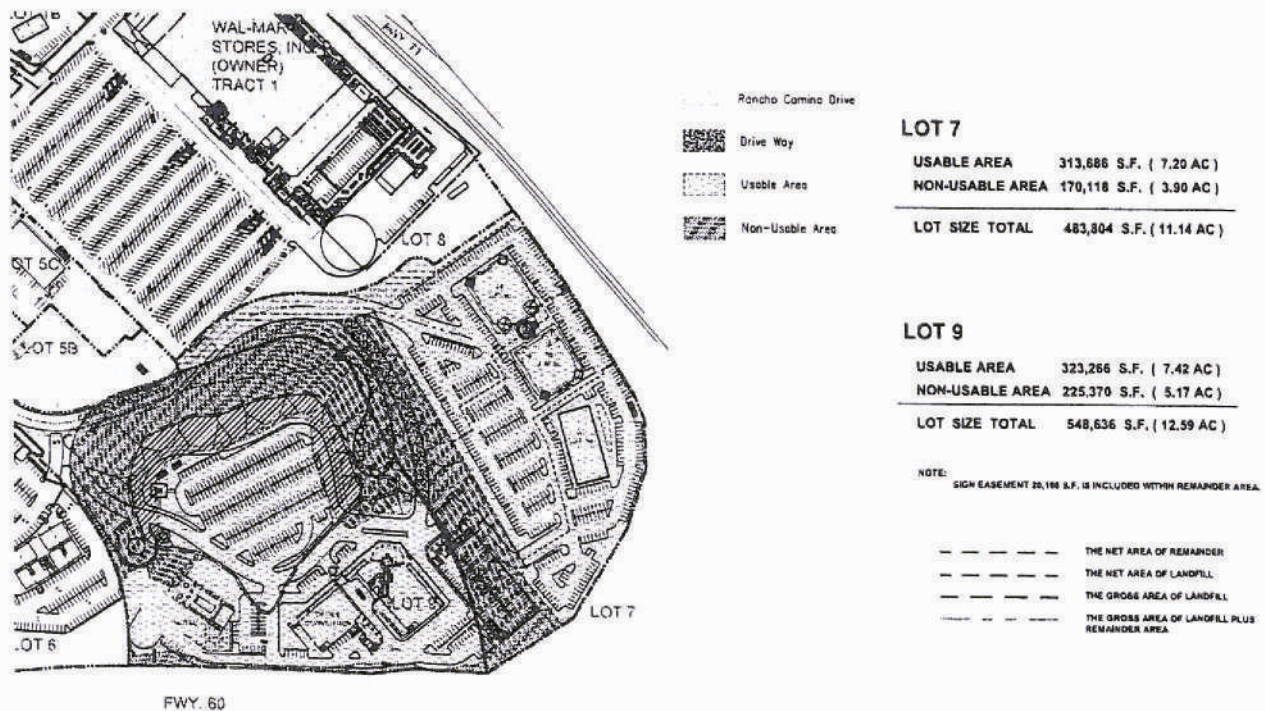

The proposed site development plan for Lot 9 is a mixed-use development that consists of office and hospitality uses. The proposed project is known as the Pomona Ranch Business Center, which will be a premier location for corporate offices, convention and exhibition space in the region, with nearly 325,000 square feet of space available for potential tenants such as financial institutions, corporations, government agencies. The adjacent four-story hotel will complement the office use by providing convenient lodging and amenities for business travelers.

Remedial Action Plan Background

The Site consists of approximately 25 acres of undeveloped land (Site) containing a 3.5 acre former landfill known as the Phillips Ranch Landfill (Landfill). the Site has been divided into three lots; lot 7, 8 and 9. The site development plan proposes commercial use for Lot 9 which is approximately 12.59 acres and contains the Landfill, and mixed commercial and partial residential use for Lot 7 (approximately 8 acres) and Lot 8 (approximately 5 acres). Even though Lot 9's land area is 12.59 acres, with only **7.42 acres usable area**, the difference (5.17 acres) being unusable due to slope conditions and other land dedicated for roadways.

The California Integrated Waste Management Board approved the Remedial Action Plan for the Phillips Ranch Disposal Site on July 24, 2001 based on the Final Remedial Action Plan prepared by URS/Dames & Moore dated May 9, 2001. Furthermore, the California Integrated Waste Management Board approved the Final Remedial Action Plan for the same site at Phillips Ranch Disposal Site on October 17, 2008 for development on Lot 7, 8 & 9 for residential and commercial uses.

**POMONA RANCH PLAZA
SITE PLAN**

DRAFT NORTH

Work Scope

The scope of work involved can be generally described as the capping of the closed landfill known as Phillips Ranch Disposal Site, also referred to as Lot 9 of the Pomona Ranch Plaza. Phase 1 consists of developing the Site Remediation Work Plan and Submit to Regulatory Agencies. Phase 2 consists of preparing Design, Engineering and Grading Plans and obtaining City Approvals. Phase 3 consists of Grading and Construction Consulting Oversight/ Environmental Services.

Work related to the actual remediation includes: clearing and grubbing, removal of deleterious materials (i.e. hazardous wastes, drums), abandonment of existing wells, importation of clean soil in compliance with the materials approved by the State for the approved landfill cover, rough grading of the subsurface of the landfill, placement of the selected cover soils to the minimum thickness approved by the State, placement of drainage controls, placement of landscaping as required, and final grading activities.

Escrow Close date:	90 days	

As stated earlier in this report, YK America has been the master developer for the Pomona Ranch Plaza since 2004. In addition to the five retail buildings erected totalling 63,000 sq. ft., it has been able to bring in national retail tenants into the center. Today it is one of the most frequented shopping centers in Pomona with Walmart and WinCo Foods anchoring the shopping center. Although the challenging economic climate put a temporary halt to the center's development for the past three years, YK America is once again starting the development by constructing the Pomona Ranch Professional Office Buildings in Lot 6. The offices will be the precursor to the development here at Lot 9, where Class A corporate office park and hotel will be

located. Due to the high cost of earthwork and environmental remediation, certain amount of work will need to take place in order to make this property usable.

In reference to the Amended and Restated Disposition and Development Agreement executed between the City of Pomona Community Development Commission and Phillips Ranch Development LLC and approved on May 2, 2005, the Amortization Schedule for Assessor Parcel No. 8708-001-929, also known as Lot 9, indicates a Remaining Amount of \$774,024.11 for Period of 2012-2013. This amount will be paid by Phillips Ranch Development to the City of Pomona. However, we will need the financial assistance of the City of Pomona to offset the cost for environmental remediation, grading and clean up.

YK America proposes opening of escrow in January 2013, with closing of escrow within 90 days.

RESOLUTION NO. 08-01

A RESOLUTION OF THE COUNCIL OF THE CITY OF POMONA SITTING AS THE REDEVELOPMENT AGENCY OF THE CITY OF POMONA, CALIFORNIA, AUTHORIZING THE EXECUTIVE DIRECTOR, OR HIS DESIGNEE, TO SIGN ON BEHALF OF SAID AGENCY, A LEASE AGREEMENT BETWEEN THE REDEVELOPMENT AGENCY OF THE CITY OF POMONA AND THE COUNTY OF LOS ANGELES, DATED _____, 19____, AND TO EXECUTE AND SUBMIT ALL OTHER NECESSARY DOCUMENTS PERTAINING TO SAID LEASE AGREEMENT.

BE IT RESOLVED by the Council of the City of Pomona sitting as the Redevelopment Agency of the City of Pomona, California, as follows:

SECTION 1. The Executive Director of the Redevelopment Agency of the City of Pomona, California, or his designee, is hereby authorized to sign, on behalf of said Agency, a Lease Agreement between the REDEVELOPMENT AGENCY OF THE CITY OF POMONA and the COUNTY OF LOS ANGELES, dated _____, 19____, and to execute and submit all other necessary documents pertaining to said Lease Agreement. A copy of this Lease Agreement is attached hereto, marked EXHIBIT A, and by reference made a part hereof.

SECTION 2. The Secretary is directed to attest the execution of this Lease Agreement.

SECTION 3. The Secretary shall certify to the passage and adoption of this resolution, and it shall thereupon take effect and be in force.

APPROVED AND PASSED this 1st day of March, 1992.

COUNTY OF LOS ANGELES
INTERNAL SERVICES DEPARTMENT
LEASE AND AGREEMENT

THIS LEASE AND AGREEMENT, made and entered into in duplicate original this _____ day of _____, 19____, by and between THE CITY OF POMONA REDEVELOPMENT AGENCY, hereinafter referred to as the Lessor, and the COUNTY OF LOS ANGELES, a body politic and corporate, hereinafter referred to as the Lessee,

W I T N E S S E T H:

1. DESCRIPTION
OF PREMISES:

The Lessor, for and in consideration of the performance of the covenants and agreements hereinafter contained to be kept and performed by the Lessee, upon the following terms and conditions, hereby leases to the Lessee, and the Lessee hereby hires and takes of and from the Lessor, those certain premises located on the east side of Short Street south of Holt Avenue, Pomona, in the County of Los Angeles, State of California, consisting of approximately 44,000 square feet of vacant land to be improved with approximately 102 off-street parking spaces, as shown in the attached Exhibit "A".

2. TERM:

A. Original Term:

The term of this lease shall be for a period of seventeen (17) years beginning upon completion of improvements by Lessor evidenced by the issuance of a Certificate of Occupancy (or Temporary Certificate of Occupancy, if applicable) by the City of Pomona, pursuant to Paragraph 25 and acceptance thereof by the Lessee, but in no event later than June 1, 1993, and ending seventeen (17) years thereafter. Notwithstanding the prior commencement of the lease term, the rent shall not be due and owing until said Lessee accepts the improvements to be performed by Lessor. Should there be any delays beyond the control of the Lessor, then the lease commencement date may be adjusted accordingly upon the mutual consent of Lessee and Lessor. Lessee shall not unreasonably withhold its approval. Lessee hereby agrees to make timely inspections and to make timely notices of its approval or disapproval of said work. If Lessee fails to accept or reject such approval within thirty (30) days after completion by the Lessor, Lessee shall have been deemed to have accepted such improvements, the lease shall commence and the rent shall be due. Lessor and Lessee shall promptly execute the "Commencement Date Memorandum" attached hereto as Exhibit "B" and the "Memorandum of Tenant Improvement cost" attached hereto as Exhibit "C" following commencement of the lease term subject to any remaining minor punchlist items. The Director, Internal Services, or his designee, is hereby authorized to sign on behalf of Lessee. The Executive Director of the Redevelopment Agency is hereby authorized to sign on behalf of Lessor.

B. Options to Renew:

Lessee shall have the option to renew this Lease for a period of eight (8) years under the same terms and conditions and rental rate as contained herein. Lessee, by Internal Services Department letter, shall notify Lessor in writing not less than sixty (60) days prior to expiration of the

lease term of Lessee's intention to exercise its option. The actual exercise of the option shall be only by the Board of Supervisors of the County of Los Angeles.

3. RENT:

The Lessee hereby agrees to pay as rent for said demised premises during the term the sum of Twenty-Six Thousand and No/100 Dollars (\$26,000.00) per year subject to adjustment pursuant to Paragraph 27 payable in advance by Auditor's General Warrant. Rental payments shall be within fifteen days after the first day of each and every year of the term hereof provided Lessor has caused a claim therefor for each such year to be filed with the Auditor of the County of Los Angeles prior to the first day of each year. Lessor's failure to file said claim shall not waive the right to rent but shall waive the Lessor's right to payment within the prescribed time period. Lessee shall pay the first year's rental payment, prorated to the commencement date of the lease, within thirty (30) days of said commencement date.

4. USE:

Lessor agrees that the demised premises together with appurtenances thereto belonging or in any wise appertaining, shall be used by the Lessee for client/employee parking purposes for use by the Department of Public Social Services (DPSS) on weekdays between the hours of 7:00 a.m. and 6:00 p.m. The parking spaces will be available to the Lessor and the public after normal working hours, and on weekends and holidays as Lessor may find necessary. Any use of the demised premises by the Lessee inconsistent with the provisions of this lease must receive prior written consent of the Lessor, which consent shall not be unreasonably withheld.

5. CANCELLATION:

Lessee shall have the right to cancel this lease at any time by giving ninety (90) days written notice if funds are not appropriated by the County Board of Supervisors for this lease in future rent budgets; or if the Department of Public Social Services vacates the facility at 2040 West Holt Avenue, Pomona, or if the caseload at that facility is reduced by more than thirty percent (30%) of the present caseload. In the event of early cancellation due to a 30% reduction in caseload, the Lessor at its option may audit the number of cases maintained by DPSS at that site.

If Lessee exercises its option to cancel the lease prior to the end of the lease term, Lessee will reimburse Lessor for fifty percent (50%) of the unamortized improvements based on the cost stated in Exhibit "C" amortized at seven percent (7%) over a 25-year period, except that if the facility at 2040 West Holt Avenue is vacated due to destruction by fire, incidents of war, earthquake, or other elements, Lessee may cancel this lease and will not be liable for any unamortized tenant improvements.

In the event that Lessee shall fail to submit payment to Lessor within sixty (60) days from the date rent is due, provided a claim has been filed as provided herein, the Lessor shall have the right to cancel this lease by providing sixty (60) days written notice to Lessee. In the event that Lessor shall exercise its option to cancel the lease as provided herein, Lessee shall be responsible to
